Tuticorin Container Terminal (PSA SICAL) is located in a growing trade region, along the busy Europe-Far East trade route. The terminal is well-linked to the major hinterland industrial clusters and cities such as Bangalore, Chennai, Cochin, Coimbatore, Madurai and Tirupur by state and national highways, and rail connections.

The all-weather port provides customers with a conducive, pro-business environment with 24-hour operations and no restrictions on night navigation. The use of information technology system ensures operational efficiency and reliability in the terminal. Vessels are berthed on arrival and turned around efficiently.

PSA SICAL is also supported by comprehensive logistics facilities such as private modern container freight stations.
